Nemo Corsets Are Healthful as Well as Fashionable

Nemo Corsets do things, and here are some of the things they do:

They support the abdomen.
They flatten the back.
They reduce the abdomen.

They mould the figure into fashionable lines and last twice as long as any other Corset.

The Nemo patent semi-elastic fabrics, Lastikops Cloth and Lastikops Webbing, used only in Nemo Corsets, insure the service.

If you have never worn a Nemo, you have never known perfect Corset comfort.

Try one and see if this is not so. We have them in all models and sizes.

Two models each with extremely long skirt and the wonderfully new Lasticurve back.

No. 322, low bust, white batiste, sizes 20 to 36, at \$3.00.

No. 324, same but with medium bust, \$3.00.

These Corset models will be in our windows until Friday. You should get acquainted with these Corsets.

"Peaceful be thy silent slumbers,
Peaceful in thy grave so low;

Yet again we hope to meet thee,

And in heaven with joy to greet thee,
Where no farewell tears are shed."
